

Hampshire Safeguarding Children Board

Business Plan 2019 -20

Introduction

This Business Plan outlines the agreed priorities for Hampshire Safeguarding Children Board (HSCB) during 2019-2020. HSCB is a statutory body set-up under the Children Act 2004. The Board consists of partner agencies that cooperate with each other to safeguard children and promote their welfare. We are responsible collectively as a Board for strategic oversight of child protection arrangements in Hampshire and our role is to lead, coordinate, develop, challenge and monitor the delivery of effective child protection and safeguarding practice by all agencies across Hampshire. The Board maintains strategic oversight to ensure that arrangements are working across the whole system, not just in our individual agencies, and are keeping children safe.

Our Purpose

Section 14 of the Children Action 2004 sets out the statutory objectives of each Local Safeguarding Children Board (LSCB), which are:

- To coordinate what is done by each person or body represented on the Board for the purposes of safeguarding and promoting the welfare of children in their area.
- To ensure the effectiveness of what is done by each such person for those purposes.

Statutory framework

The statutory framework that underpins Local Safeguarding Children Boards (LSCBs) has changed. The new Working Together to Safeguard Children 2018 sets out new statutory responsibilities for Safeguarding Partners – the Local Authority, Clinical Commissioning Group and the Police – to form new Safeguarding Children Partnerships. These arrangements need to be confirmed by 29 June 2019 and in place by 29 September 2019. Therefore this Business Plan is a transitional plan to bridge the change from Local Safeguarding Children Board to Local Safeguarding Children Partnership.

Key Priorities for 2019-2020

The HSCB Business Plan 2019-20 is intentionally focused on strategic priorities and activities that form the basis of the work already agreed by the Board over the coming year. These priorities support the statutory functions of the HSCB and the partnership response to protecting vulnerable children, preventing harm and promoting their welfare.

The structure of the Business Plan allows the Board to remain flexible to respond to the emerging areas of work and transition into the new statutory partnership arrangements. To support the delivery of the Business Plan, the HSCB have produced more detailed work plans, aligned to the Board's priorities, to be delivered by each subgroup and working group.

HSCB will take a leadership role in the delivery and quality assurance of partnership work in these areas. Progress against this plan will be reviewed and monitored by the Executive

Group with chairs of the relevant subgroups reporting on progress against their actions. Where necessary and appropriate, the Executive Group will highlight areas of concern to the full HSCB Board meetings for further action. HSCB will also identify and promote good practice across its partner agencies.

Key Threads that Run Through all Priorities

- The voice and lived experience of the Child - to ensure that our work is child-centred and we continually seek to engage and involve children and young people.
- Multi-agency partnership working - including the voluntary, faith and community sectors.
- Lessons are identified and learned from case reviews and multi-agency audits undertaken, and the monitoring of the implementation of recommendations.
- All of our work is underpinned by a focus on making sure that basic practice (as prescribed within statutory guidance and local procedures) is effective, timely and of high quality.
